INNOVATIVE THINKING FOR SUCCESSFUL RETIREMENT

THE PROVEN ROCK APPROVED RETIREMENT SCHEME

PROVEN Rock allows its Members to make tax-deductible contributions to the Scheme, which are invested and accumulate as tax deferred earnings towards providing a pension at retirement.

The Scheme is sponsored and administered by PROVEN Wealth Limited.

A Board of Trustees (Trustees) holds all contributions by Members in Trust and invests the contributions on the Members' behalf until their Retirement Date. The Sponsor and Members nominate the Trustees.

GROWING WEALTH WITH A SOUND INVESTMENT STRATEGY

Our Scheme offers Pooled Funds as the investment approach for its Members and allows Members, based on their risk tolerance, to determine their desired asset class allocations.

The primary advantage of the Pooled Funds is that it gives our Members' Contributions an opportunity to generate higher returns with an appropriate level of risk, in a diversified portfolio of assets. The Fund's Investment objectives and guidelines are structured to provide more flexibility to capitalize on market opportunities and adapt to adverse market conditions.

VARIED PORTFOLIO MIX

There are currently four (4) Pooled Funds in which Trustees will invest Members' Contributions:

- PROVEN Equity Pooled Fund
- PROVEN Fixed Income Pooled Fund
- PROVEN Money Market Pooled Fund
- PROVEN Diversified Pooled Fund

1. **PROVEN Equity Pooled Fund** invests mainly in equities listed on the Jamaican Stock Exchange and any other recognized stock exchange. The Equity fund gives members an option to maximize their returns with more risk in their earlier years.
2. **PROVEN Fixed Income Pooled Fund** invests in mainly medium to long term fixed income securities. The fund is primarily for members with a low to moderate risk tolerance.
3. **PROVEN Money Market Pooled Fund** invests mainly in fixed income securities with an average portfolio duration of less than 5 years. The fund is geared towards persons with a low risk tolerance and is for individuals close to retirement who simply want to consolidate and secure what they have accumulated over the years.
4. **PROVEN Diversified Pooled Fund** is a fund that provides the best avenue to satisfy both the currency hedge and investment diversity. It is appropriate for individuals with a high tolerance for risk.
